

Breakfast Burritos

How much of each ingredient do you need to buy?

Calculations

Eggs – 1-1/2 per burrito (70 burritos= 8.75 dozen eggs)

Cheese – 1/2 a serving per burrito. Check the serving size of the cheese purchased. One large bag of cheese should get you enough for 70 burritos.

If you opt to add sausage, previous volunteers have purchased the precooked links or patties in a family style package, heated them and cut them up into pieces to mix with the eggs. Review package for servings size.

Costco has soft shells- 40 in a package for around \$4.

Directions:

1. Heat up sausage and cut into small pieces.
2. Make scrambled eggs
3. Mix scrambled eggs and sausage bits together
4. Add mixture to shell
5. Add cheese
6. Fold shells into burrito
7. Wrap in foil

If you choose to make breakfast burritos the night before, burritos can be heated in the oven for about 1 hour at 325 degrees the morning of.
